

## 2019 Kick-off at Scandic Hotel Frankfurt Museumsufer – 13.02.2019

On February 13, 2019 21 IMA-members and guests attended the kick-off of the Frankfurt regional chapter at the recently opened Scandic hotel Frankfurt Museumsufer. From the train station the hotel is easy to reach on foot and is located close to many museums and landmarks.

Following a reception, the attendees were divided into two groups and shown around the hotel by Mr. Hartwig and Ms. Vorsmann. One of the bigger meeting rooms as well as rooms overlooking the Main river and the Frankfurt skyline were presented.

The rooms are characterized by the simple yet elegant and comfortable Scandinavian design that combines functionality and aesthetics very well. The wooden floors and tinted mirrors that were in one line with the TV as well as the small couch with desk were particularly appreciated as were the sustainability concept (biodegradable materials including the coffee capsules and the trash separation in the rooms), the well-stocked mini bar and the Nespresso-machine that is also able to prepare tea. The participants were also allowed to take a look at the fitness area.

After the tour the group was served a very delicious buffet in a separate area of the bar. Once everybody had eaten and found someone to talk to, Regional Head Lilian Helbig warmly welcomed everybody and introduced the IMA-members to the guests and interested parties, among them the SORGLOS–hotel agency that does good things and coach Elke Brunner who gave a brief overview of the topic of her one-day workshop on September 14, 2019.

After one year as Regional Head in Frankfurt Lilian Helbig thanked everybody for their support, ideas and the kindness she experienced and that really touched her.
