

10 January 2019 → Objective Setting And Achievement

A New Year and its new year resolutions: Are you prepared for 2019? IMA Germany's regional chapter Cologne/Dusseldorf held an evening event in terms of objective setting and achievement of the same, both for personal and business life.

Wonderful regional leader Karin Odor organised the event and trainer Karen Nanninga taught us how to convert wishes to objectives and which way to follow to make it a success. Thanks to both of you - the methodology is very helpful. And it is a great time to put this topic in our agenda.
